## WHAT IS EUROJAM 2027?

*The UIGSE International Camp — Carnic Alps*

In the summer of 2027, up to 8,500 scouts and guides from Europe and beyond will gather in the heart of the Carnic Alps, in Ampezzo and Socchieve, at the foot of the Dolomites. This is Eurojam 2027.

The motto says it all: Verso l'Alto (To the Heights). Up to 8,500 participants from dozens of nations, united by the same faith, the same method, and the same desire to live an extraordinary experience.

**This is not a festival. This is not a show.**

*It is an authentically lived scout camp, in the tradition of Baden-Powell and the Beatitudes.*

### **A Christian, United, and Brotherly Europe**

---

The Eurojam brings together patrols from UIGSE associations to share a common adventure. For ten days, scouts and guides will live side by side in international villages: four or five units from different countries building their program together, learning to know one another, and forging bonds that go beyond borders and languages. This is how peace is built — one campfire at a time.

### **The Mountain as a Spiritual Journey**

---

The theme is not a coincidence. The mountain calls us to climb higher: in effort, in encounter, and in spirit. As Saint John Paul II reminded us, the challenge of the mountaineer and that of the Christian are the same: to overcome oneself to respond to Him who has gone before us.

The camp, immersed in these landscapes of granite and sky, will be a place of silence, beauty, and an encounter with God.

## THE PATROL AT THE CENTER OF EVERYTHING

At Eurojam, the patrol is the heart of everything. Unit Leaders are fully responsible for their patrols and their program. The Court of Honor plays a central role. This is not a choreographed event where scouts simply watch; it is a camp where they act, decide, serve, and grow.

Common ceremonies, Holy Masses, campfires, exchanges between patrols, and the joy of discovering that the Scout Law is the same — whether you come from Poland, France, Ireland, or Brazil.

## THE HISTORY OF EUROJAM

*From 1984 to 2027: Forty Years of Scout Brotherhood*

### 1984 Velles, France

*«The Origins»*

5,000 scouts and guides — including 1,000 from Italy — gathered among the freshly harvested wheat fields of Velles to consecrate the association to the Virgin of the Annunciation at Notre Dame Cathedral in Paris.

### 1994 Viterbo, Italy

*«Ut Omnes Unum Sint»*

Italy hosted the second Eurojam. 7,500 scouts and guides arrived in Viterbo under the motto “That they may all be one.” Sixteen countries were united by the same faith and the same Promise.

### 2003 Zelazko, Poland

*«Duc in Altum»*

The third edition shifted the horizon eastward. 9,000 participants experienced an extraordinary journey of prayer and adventure. “Put out into the deep” was the invitation guiding thousands of young Europeans.

### 2014 Normandy, France

*«Venite et Videte»*

One hundred years after the Great War, 12,000 young people returned to where their great-grandfathers fought to bear witness to peace. Enriched by a special message from Pope Francis, who invited scouts to be “true protagonists of this world.”

### 2027★ Ampezzo & Socchieve, Italy

*«Verso l'Alto»*

Up to 8,500 participants will gather in the heart of the Carnic Alps. The 70th anniversary of the UIGSE and the 120th of the first scout camp are celebrated together, lived authentically in the spirit of the Beatitudes.
